Abstract

1 Introduction

2 Background

3 Data

This paper uses publicly available data from the U.S. Census Bureau. In particular, we use the 2000 Census of Population and Housing: Public Use Microdata 5-Percent Sample.

4 Results

Table 1: **Identifying with one of the four tribes**

Item	Number	Per cent
Not identified	554204.00	88.50
Identified with one of the four tribes	71,983.00	11.50
Total	626187.00	100.00
